Venture Crew 2526

*Be part of the
adventure -
Join Venture
Scouts*

Venture Scouting = Adventure + Service + Leadership + Community + Fitness + Skills

*Florida Sea Base Reef Sailing
June 2017*

How Does Venturing Work?

As a Venturer, you will join other teenagers in planning and operating your Venturing crew with guidance from qualified adult Advisors. To participate, you must have completed the eighth grade and be between 14 and 20 years of age.

About Crew 2526

Several girls from Girl Scout Cadette Troop 3526 initiated the formation of this Venture Crew because of a love of outdoors and recognition of the need to learn more skills to support back country excursions. The crew began with all girls but is increasingly co-ed. Other things about Crew 2526:

- Adventure – we go on a High Adventure every year. We have been sailing at Sea Base, back country horse riding in New Mexico, and packrafting in Bob Marshall wilderness.
- Active – we go to camporees, staff Wilderness First Aid, and work on Venture Advancements.
- Promote Scouting – we wear a crew uniform and promote Scouting in the community.

What Else Can Venturing Teach Me?

As a Venturer, you will learn important skills like team building, public speaking, and interviewing. You also will learn to organize your time to accomplish tasks for your school, your religious organization, and for extracurricular activities.

MEETINGS

Meetings are at St. James (3 times a month) and out doing activities once a month on average. Meetings are 2nd, 3rd and 4th Thursdays. Check the website or call if you need more information.
